- Airborne stains, mold, and mildew accumulation, or surface deterioration due to air pollution or harmful chemicals.
- Acts of God.
- Any expense or cost incurred to clear any blockage or obstruction determined to be below grade.
- Warping or distortion due to exposure to excessive heat sources.

Warranty Condition – Proper Maintenance Required

It is a condition of the warranties that the owner properly maintains the system. Dirt, leaves, pine needles, or other substances may build up in the system.
